

### CARTER-FINLEY STADIUM

Home to Wolfpack football and in honor of Harry C., Wilbert J. Carter & Albert E. Finley, graduates of the university, Carter-Finley Stadium was built in the 1960s. The stadium seats over 60,000 screaming fans, almost doubling its capacity from 32,000 in 1966. This off-campus site for football games replaced the former on-campus site of Riddick Stadium, as a way to update a rapidly dilapidating field. Uniquely Wolfpack and unlike other universities, fans will stay till the very end even at games with unfavorable outcomes. *Photos contributed by Roger Winstead.*
