## MAKING THE BRICK POSSIBLE

**Without the help of people like those mentioned below, The Brick you are holding in your hands would not be possible!**

*The Traditions Committee would like to thank Student Media for their continued support in our effort to produce this publication—the guidance of their leaders and work from their highly trained student photographers were paramount.*

Student Government would also like to thank Nancy Gustke's 2012 Early American History class for their research that made the Lost Traditions and Lost Buildings pages possible. Gratitude also goes out to University Recreation, Student Alumni Association and Student Leadership and Engagement for their continued funding, University Communications for all they do, and Roger Winstead of PackPix for he and his team's contributions of beautiful photography. One last thanks goes to you guys, the Wolfpack. Without your awesome sense of school pride and spirit, The Brick wouldn't exist. So, thank you. Go Pack!
