CENTENNIAL CAMPUS—ABOUND WITH OPPORTUNITIES FOR GROWTH

On the shores of Lake Raleigh lies Centennial Campus, 1,334 acres including a combination of industry, education and government.

In 1984, the state donated 385 acres to NC State when Gov. James B. Hunt served as governor. An additional 450 acres was allocated from the State Farm Operations Commission with the 1987 groundbreaking for the first building, Research I, which opened in 1989.

In 2007, the Association of University Research Parks named Centennial Campus the top Research Science Park of the Year. The College of Engineering and the College of Textiles have multiple classroom buildings on Centennial Campus. Students can also visit the Dorothy and Roy Park Alumni Center or play on the Lonnie

COMPANIES AT CENTENNIAL

3F, Juniper Networks, Partnership for Defense, Able SoftSystems, Red Hat, GlaxoSmithKline, Advanced Energy Corporation, WebAssign, North Carolina Wildlife Resources Commission, Venganza, Governor's Institute for Alcoholic & Substance Abuse, Star Nanotec, Center for Plan Health Science and Technology of the USDA and U.S. Forest Service.

Poole Golf Course, a 6,915-yard course designed by the Arnold Palmer Design Company.

Other recreational opportunities on Centennial Campus include a nine-hole disc golf course and fishing at Lake Raleigh. The Wolfline Bus System runs back and forth between Centennial and Main Campus.
