## CAMPUS CULTURE

### **PULLEN** PARK

*Corner of Western Blvd. & Ashe Ave.*

NC State's Pullen Hall is a tribute to the man who gave the first land on which to build our school. Pullen Park heralds that same man, Richard Stanhope Pullen, who on March 22, 1887, gave the land to the City of Raleigh for public recreational use. Thus, Pullen Park, situated on about 67 acres of land, became the first public park in North Carolina. Complete with a train, pond, vintage carousel, green spaces and more, there is almost nothing there that you can't do.
